● ABOUT ME

I am a motivated and detail-oriented Junior Software Developer and UI/UX Designer at KNEXEL Technologies. With a strong foundation in both software development and user experience design, I enjoy creating efficient, user-friendly digital solutions. I graduated from Eyryce Village Complete Secondary School and continue to expand my skills in programming, interface design, and teamwork. I am passionate about innovation, continuous learning, and contributing to impactful tech projects.

● WORK EXPERIENCE

2023 – 2025 Baku City, Azerbaijan

JUNIOR SOFTWARE DEVELOPER KNEXEL TECHNOLOGIES

- Developed and maintained software applications using languages such as Python, JavaScript, and Java.
- Collaborated with cross-functional teams to design, test, and deploy scalable software solutions.
- Participated in daily stand-ups, sprint planning, and code reviews following Agile methodology.
- Identified and resolved bugs, improving system performance and reliability by 25%.

2024 – 2025 Baku City, Azerbaijan

UI/UX DESIGN KNEXEL TECHNOLOGIES

- Designed intuitive and responsive user interfaces for web and mobile applications using **Figma and Adobe XD**.
- **Conducted** user research, interviews, and usability testing to improve design decisions.
- Created wireframes, mockups, and interactive prototypes to visualize user flows and interactions.
- Collaborated with developers to ensure design consistency and a smooth hand-off to development teams.

● EDUCATION AND TRAINING

2013 – 2024 Baku City, Azerbaijan

SECONDARY EDUCATION Eyryce Village Complete Secondary School

Level in EQF EQF level 4

● PROJECTS

16/04/2025 – 24/04/2026

Full Stack Development - Peerstack Academy

- Developed dynamic web applications using HTML, CSS, JavaScript, and React.
- Built and connected RESTful APIs using Node.js and Express.

- Worked with databases like MongoDB for backend data management.
- Collaborated in team-based projects using Git and GitHub for version control.

13/10/2024 – 27/09/2025

DigiRise ML And Software Development

- Developed and trained machine learning models using Python and TensorFlow.
- Implemented data preprocessing and feature engineering to improve model accuracy.
- Collaborated with the team to integrate ML models into software applications.
- Participated in code reviews and ensured high-quality code delivery.

24/01/2023 – 04/03/2024

Full Stack Development - EACAMP

- Built full stack web applications using technologies like HTML, CSS, JavaScript, and Node.js.
- Designed and implemented RESTful APIs and connected them to front-end interfaces.
- Worked with databases (e.g. MongoDB, MySQL) for data storage and management.
- Collaborated with team members on GitHub to develop and deploy projects.

VOLUNTEERING

2021 – 2022 Baku

Baku IT Academy

- Assisted instructors during coding bootcamps and workshops focused on web development and programming.
- Supported beginner students by answering questions and helping with technical issues.
- Helped organize and manage tech events, hackathons, and training sessions.
- Promoted IT education and digital skills among youth through community outreach and social media.

2022 – 2023 Baku

Baku Cycling Event

- Assisted in organizing and coordinating event logistics for participants and staff.
- Guided cyclists along the route and ensured safety protocols were followed.
- Helped manage registration, distribute materials, and provide information to attendees.
- Collaborated with the event team to ensure a smooth and successful experience for all participants.
